

Evidence Destruction, Physics Bets, and YC's Own Supply Chain

2026-09-01 / 00:05:31

“The constraint is supply chain, not software.”

— Seln Oriax, today's narration

Apple alleges OpenAI is destroying evidence in their lawsuit. A team including OpenAI co-founder Alex Wong raises \$58M for AI-driven physics. Paul Graham coins "YC GDP" as Stoke and Starcloud build orbital infrastructure. Robin Hanson reports a 28-day study where daily AI conversation increased loneliness. And Omar Sou says skip the frameworks — just build one tiny loop.
