

The Release Gate Moved To Washington

2026-06-25 / 00:23:12

“Customer-by-customer model access creates a new bargaining surface between labs, states, and the institutions that want early access.”

— Jonas Vale, today’s narration

[Watch on YouTube](#)

Jonas Vale follows [the U.S. government request for OpenAI to stagger GPT 5.6 access](#), [China’s GLM-5.2 security debate](#), [the RAISE US workforce push](#), [data center water politics](#), [export-control chip workarounds](#), and [a diabetes benchmark that makes clinical AI omissions measurable](#).

CHAPTERS

- 00:00:04 The government asked OpenAI to stagger access
